

# RUGGED. RELIABLE. UNMATCHED.

## MEET SOLIS ENERGY'S ENCLOSURES.

**Solis Energy's Enclosures** are engineered for ruggedness, strength, and durability. Ideal for housing batteries and electronics, our enclosures provide NEMA 3R protection against falling dirt, rain, sleet, and snow. Our industrial grade enclosures are made of heavy gauge aluminum with a continuous stainless-steel hinge and stainless-steel locking hardware. Our white powder coat provides improved thermal protection and gives the enclosures a sleek, aesthetically pleasing look.

## ENCLOSURES

### FEATURES

- White Powder Coated Aluminum
- Stainless Steel Hardware
- Full Length Piano Hinge
- Locking Hasps
- Multiple Mounting Options
- NEMA 3R Upgradeable to 4X

### APPLICATIONS

- Battery Storage
- Security
- Telecommunications
- Off-Grid Solar
- Oil & Gas Systems
- Environmental Mounting
- Water and Wastewater Systems

## POWER WHEN YOU NEED IT.
